

REMARKS

A Notice of Allowance mailed in the present case includes an Examiner's Amendment to place claims 3, 8 and 9 in independent form and to cancel all other claims. However, above Applicant has indicated amendments to the claims as pending prior to the Examiner's Amendments, rather than attempting to rework the Examiner's extensive claim amendments.

Independent claims 1, 10, 11 and 12 are amended to incorporate a portion of allowable claims 8 and 9, namely, generating an internal representation of the web page (claim 5), after receiving a request from a user (Claims 8 and 9) into each of these claims.

New claims 20-25 are added. Claim 20 places allowed claim 3 in independent form and claims 21-25 generally correspond to original claims 2, 4, 5, 8 and 9.

Whereas each of independent claims 1, 10, 11, 12 and 20 contain subject matter from claims indicated by the Board as allowable in this matter, Applicant respectfully asserts that the pending claims distinguish over the prior art. Accordingly, Applicant submits that this application is in full condition for allowance.

Applicant respectfully requests that the Examiner call the below listed attorney if the Examiner believes that the attorney can helpful in resolving any remaining issues or can otherwise be helpful in expediting allowance of the present application.
